MEMORANDUM FOR: Director of Security

SUBJECT : Office of Security Statistical Report  
for APRIL 1969

1. The attached tables reflect some of the activities of certain components of the Office of Security during APRIL 1969.

2. The statistics in the tables are compiled by the component concerned and refer to the current month.

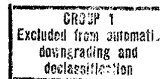

3. The overall processing time for an Applicant Case was reduced from 68 days in March to 60 days for this month. For April 1968, the processing time was 62 days.

4. During the past month, man-days expended in the physical survey of overseas stations and bases numbered 117, bringing the total to date this fiscal year to 419 man-days as compared to 355 man-days for the same period in FY 1968.

month of April; however, 3,063 cases have been scheduled to date this fiscal year as compared to 2,255 for the similar period in FY 1968.

7. Staff Applicant Cases received during the month numbered 650, an increase of 355 cases over the monthly average received during this fiscal year. This sharp increase is in accord with the estimation of Mr. [REDACTED] Chief, Placement Division, Office of Personnel, who, in November 1968, foresaw receipt increases in the latter half of FY 1969 as a natural consequence of a restrictive management policy initiated at the beginning of FY 1969. This policy was a result of the Agency entering a fiscal year overstrength for the first time in its history.
